September 3 - 9

## What is This Course About?

The Foundations course will be delivered in English & explores 3 areas of study:

Living with God,  
Living with Others, and  
Living with Yourself.

Living with God:  
How can my faith be more real?  
How can I hear the voice of God more clearly?  
How can I find my God given story?

Living with Others:  
How can I see others more clearly?  
How can I better help others when they need it?

Living with Yourself: How can I make sense of my self?  
How can I make & break habits?  
How can I be released from guilt?  
What is love?

I've been to many seminars in my life, and the training this week would be the best I've ever experienced.
